SOLAR PANELS / PRODUCT SELECTION GUIDE

Rigid Solar Panels

Framed solar modules for rooftops, vehicles and fixed installations.

Application

Residential roofs, commercial rooftops and RV installations.

Define the right specification

PARAMETER	WHAT TO CONFIRM
Rated power (Wp)	Match module output to available mounting area.
Dimensions & weight	Check roof clearance, layout and load limits.
Vmp / Imp / Voc / Isc	Verify the controller or inverter input limits.
Frame & mounting	Confirm frame dimensions and fixing method.
Market documents	Request documentation for the exact model and destination.

Send us your project requirements

Include your destination market, application, quantity, target delivery and any available electrical or installation information. Request the exact model datasheet and documentation before confirming an order.

Document status: This is a product family selection resource. It does not specify an approved model, certified ratings, performance guarantees or warranty terms. These must be confirmed against the documentation for the selected product.
