SOLAR PANELS / PRODUCT SELECTION GUIDE

Ultra Slim Solar Panels

Slim framed modules for vehicles, balconies and compact roof layouts.

Application

Caravans, 4WD vehicles, balconies and selected rooftop installations.

Define the right specification

PARAMETER	WHAT TO CONFIRM
Rated power (Wp)	Confirm output and the exact module model.
Frame profile & weight	Request the drawing and weight for the selected size.
Mounting method	Agree brackets, fixing points and installation loads.
Electrical values	Check Voc, Isc, Vmp and Imp against connected equipment.
Installation conditions	Confirm clearance, ventilation and destination requirements.

Send us your project requirements

Include your destination market, application, quantity, target delivery and any available electrical or installation information. Request the exact model datasheet and documentation before confirming an order.

Document status: This is a product family selection resource. It does not specify an approved model, certified ratings, performance guarantees or warranty terms. These must be confirmed against the documentation for the selected product.
